Our Advantage

Step-by-Step Learning

We guide you from RPA basics to advanced concepts.

Real-World Projects

Apply your learnings to practical projects that emulate real-world scenarios.

Expert Instructors

Our experienced instructors provide insightful and timely feedback.

Mock Interviews

Weekly mock interviews help prepare you for actual job interviews.

Lifetime Access

Continue to access our course material even after course completion.

BENEFITS OF THE PROGRAM

1

LIVE LEARNING EXPERIENCE

Learn in real-time from industry professionals through live sessions. This interactive approach allows for immediate clarification of doubts and personalized guidance.

2

HANDS-ON PRACTICE WITH TOOLS

Gain proficiency in using various automation tools essential for campaign execution and content creation. Practical exposure ensures you can confidently apply your skills in real-world scenarios.

3

INTERVIEW PREPARATION AND SUCCESS

Master the fundamentals of automation to confidently navigate interview rounds. Receive support in crafting a compelling resume, participating in mock interviews, and gaining career guidance.

4

PORTFOLIO DEVELOPMENT FOR CAREER ADVANCEMENT

Build a strong portfolio showcasing your practical expertise. Develop proof of work that stands out to potential employers, demonstrating your ability to drive successful automation initiatives.

5

PROFESSIONAL CERTIFICATION

Upon successful completion of the course, receive an RPAZONE certificate. This certification not only validates your proficiency in automation but also enhances your career opportunities.

COURSE STRUCTURE

60 Days of live course

Live Classes

Premium lectures on major concepts

Mock Interviews

Weekly mock interviews

TA Sessions

Doubts clarifying sessions available

COURSE

Curriculum

Week 1

Dive into RPA basics and get familiar with UiPath. Understand Variables, Arguments, and embark on your first Data Scraping project in UiPath. End the fortnight with Excel Automation Basics and a Mock Interview.

Week 2

Implement your skills to generate Sales Reports, learn about Selectors in UiPath, and execute a Basic Web Automation project. The fortnight ends with a Mock Interview that prepares you for real-world scenarios.

Week 3

Implement your skills to generate Sales Reports, learn about Selectors in UiPath, and execute a Basic Web Automation project. The fortnight ends with a Mock Interview that prepares you for real-world scenarios.

Week 4

Apply your skills to an End-to-End Shopper Project, followed by a comprehensive project review and Mock Interview.

Week 5

Execute an End-to-End Domain Checking Project and review the project's successes and areas of improvement in an in-depth review session and Mock Interview.

Week 6

Familiarize yourself with UiPath Orchestrator, its assets, and queues. Learn to publish projects to Orchestrator and understand the RPA project life cycle. The fortnight concludes with an intro to State Machines and UiPath RE Framework.

Week 7

Undertake six individual end-to-end projects to implement and refine your RPA skills.

Week 8

Conclude the course by understanding UiPath Document and unravel its basics and a deeper dive. Finish your course with final Mock Interviews, equipping you for real-world job interviews.

COURSE FEE

₹25000

Our comprehensive RPA with UiPath training course is available at an investment of ₹25,000. This fee covers all course materials, live training sessions, project reviews, and mock interviews.
